About Us

Panakeia, LLC was founded in February 2011 by retired Army LTC Claude “Jim” Meadows, who served as an enlisted soldier in Vietnam followed by 23 years as an active duty Army Officer; and Pamela Jackson, former Senior Director of Military Products with 30 years of experience designing critical care medical devices. Panakeia is a verified Service-Disabled Veteran-Owned Small Business (SDVOSB) which specializes in marketing, distributing advanced medical products, and identifying solutions for the global medical community, which includes (but not limited to), DoD, Fire / Rescue, EMS and Veterans Health Administration. The goal at Panakeia is to provide unique and innovative products that not only transform patient care but also focus on saving lives.

The Panakeia team has decades of contracting experience with the DoD and other governmental agencies, which ensures efficient and effective order processing. We are committed to our customers and manufacturing partners. We spend significant time listening to their needs and pursuing optimal solutions. We take pride in who we are and maintain the highest ethical standards of integrity. We honor and thank our Veterans and their families for their duty and sacrifice and continue to support them through various organizations.

Panakeia VA Home Oxygen Care

We have over 40 years of proven home care experience, including: patient interaction, product training, product servicing and repair. Our extensive knowledge of home oxygen systems and services, coupled with our focus to employ Veterans, makes us an ideal partner to service our Veterans through Home Oxygen Service Contracts. We are accredited by The Joint Commission and have significant experience managing VA oxygen system contracts. As a SDVOSB, Panakeia is committed to enhancing the quality of life of Veterans. We make it our goal to fulfill the home health care oxygen needs of Veterans Health Administration patients with exemplary Home Oxygen Equipment and Services and provide prompt and reliable care 24 hours/ day, 365 days of the year to meet their needs.
